TRUE MERIT ALWAYS WINS.

This is the reason why the candies made only at the Greek candy store are in such great demand. They make pure candies for the baby and for grandma, for the boys and girls, for papa and mamma; in fact for one and all. In the quality and flavor of their Christmas candies they have eclipsed all their previous efforts.

Call and see the beautiful designs of their Christmas boxes, varying in price from 20c to \$5.

THE POULTRY YARD.

Give some of the skim milk to the fowls.

Have the poultry house so warm that the combs will not freeze.

It never pays to crowd the fowls at any time, especially when they must be kept confined the greater part of the time.

Sunflower and hemp seeds make smooth, glossy plumage. They are often used to advantage in feeding fowls for exhibition.

Under ordinary conditions fowls that have a variety of food do not need artificial stimulants or pungent condiments to keep them in health.

Properly to dress all kinds of poultry the fowls should be dry picked after being killed by cutting them in the throat through the mouth.

While quality of the meat is not indicated by the color of the skin or legs, buyers prefer the yellow. The breeds that have yellow legs are the Cochins, Brahmas, Wyandottes, Leghorns, Plymouth Rocks and Dominiques.
